

Tic Tac Phonics

(*short a*)

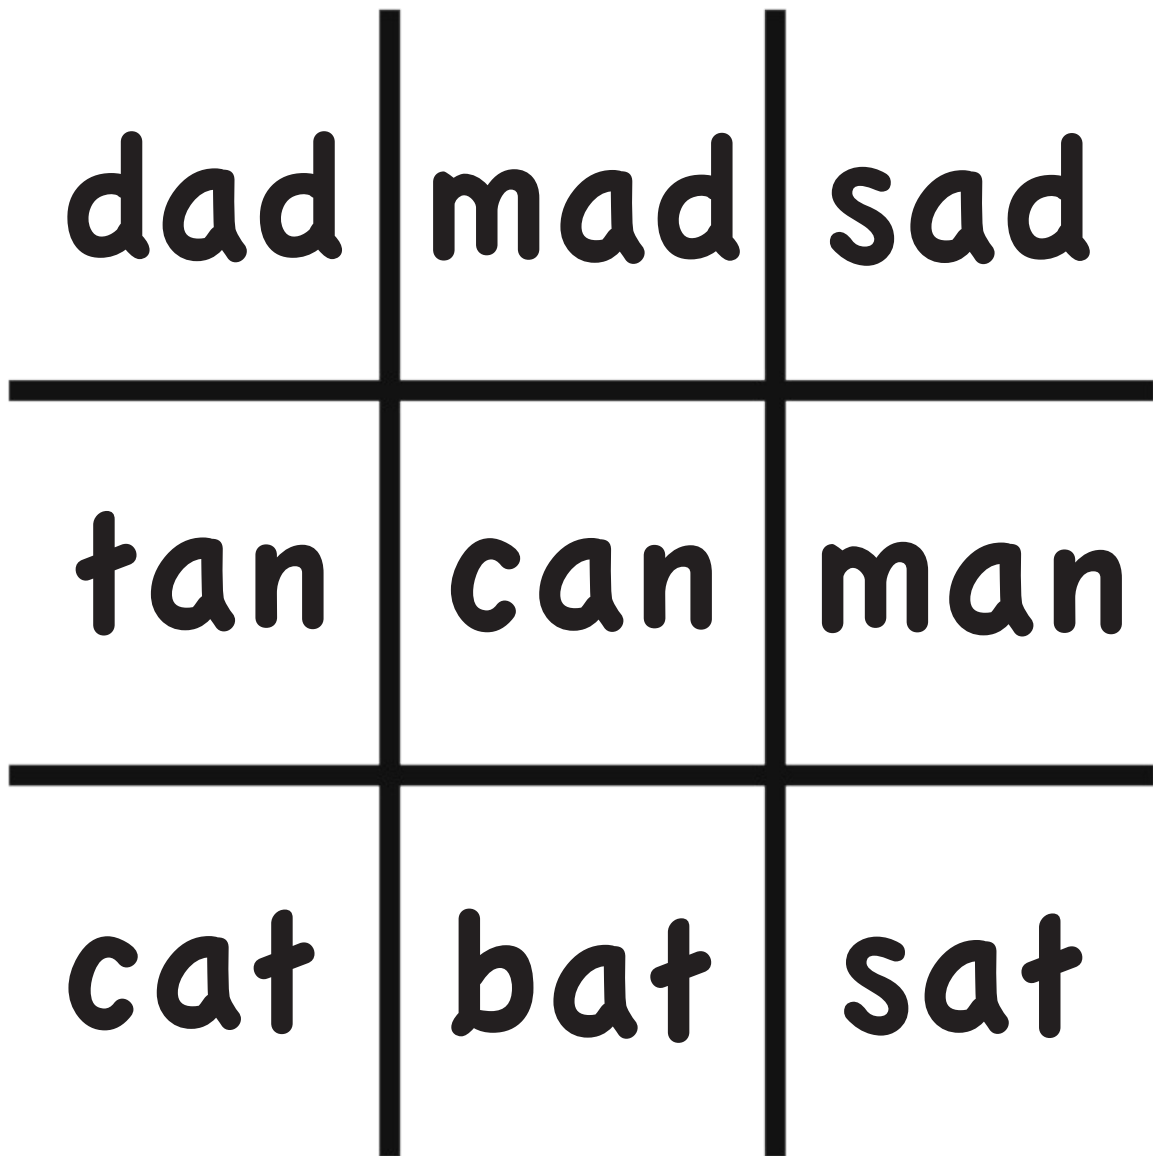

How to play:

1. Print out this Tic Tac Phonics page.
2. Use a game marker of your choice. You can use small toys, your favorite snack, or simply a pencil to mark the fields.
3. Take turns selecting a field. To select the field, read the word aloud that you would like to claim. Then, use your marker to show this field is taken.
4. Whoever gets three fields in a row wins!

Tips:

If your child needs help reading a word, assist them by reading the letters out loud with the sound they make. For example, the first field, "dad" would be read as "duh-aah-duh, dad."

Encourage your child to repeat after you if they still need extra practice.
